When a customer selects "Alipay", it will auto generate a QR code with the payment info for the customer to scan using his/her smartphone or enter his/her Alipay account and password to make the payment.

I Scan QR code

The screenshot displays the Alipay 'My Cashier' (我的收银台) interface. At the top left is the Alipay logo and the text '支付宝 ALIPAY | 我的收银台'. Below this, it indicates '正在使用即时到账交易 [?]' (Using instant payment transaction [?]). The transaction ID '800000350' and the label '收款方:' (Payee) are visible, with the payee name obscured by a redacted orange box. The main area features a large QR code for scanning. Above the QR code, the text '扫一扫付款(元)' (Scan to pay (yuan)) is shown, followed by the amount '547.20' in large orange characters. To the right of the QR code is a stylized graphic of a smartphone. Below the QR code, there are two instructions: '打开手机支付宝' (Open mobile Alipay) and '扫一扫继续付款' (Scan to continue payment), each accompanied by a small QR icon. At the bottom, a note reads '首次使用请下载手机支付宝' (Download mobile Alipay for first-time use).
