Installation:

-From your base Magento2 directory -> app -> code (you may have to create this directory), create Sunflowerbiz directory to your app/code directory.

-From the base Magento2 directory, upload the contents of 'ChinaAddress' directory to 'app/code' directory of your Magento installation

-Enable the module running the following commands on the root of your Magento installation:
bin/magento module:enable --clear-static-content Sunflowerbiz_ChinaAddress
bin/magento setup:upgrade

The following commands should work even in windows with the forward slash swapped for back.

php bin/magento cache:clean
php bin/magento setup:upgrade
php bin/magento setup:di:compile
php bin/magento setup:static-content:deploy.

Note: Make sure your Magento account has the permission to create tables in DB. After installing, please check if the address_cn_data table is empty or not. If it's empty, please import the ChinaAddress/Setup/address_cn_data.sql file in our module zip into your DB manually.
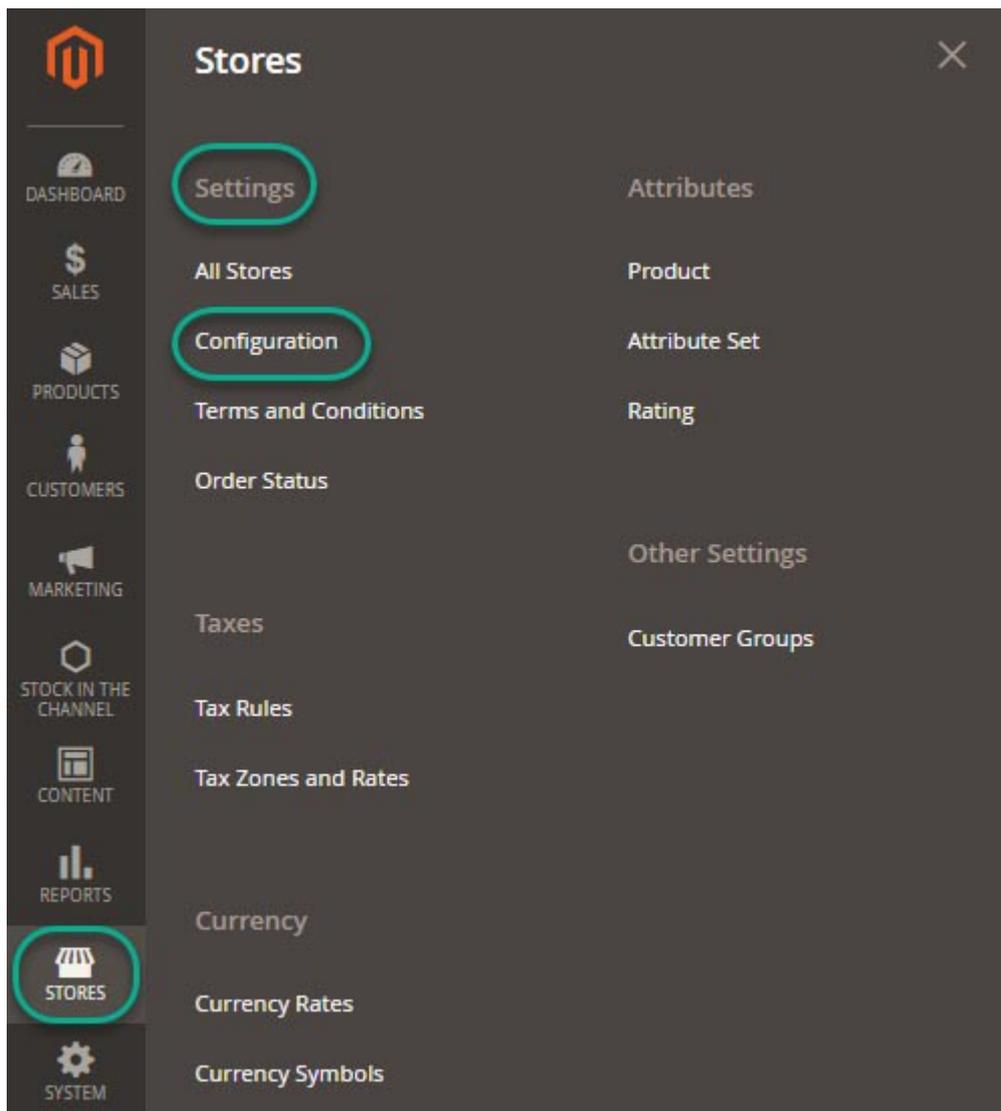

Module Configuration

1. Go to Admin Panel, navigate to **STORES** and click on **Configuration** under **Settings**.

2. Expand **SUNLFOWERBIZ MODULES** and choose **China Address** in the dropdown.
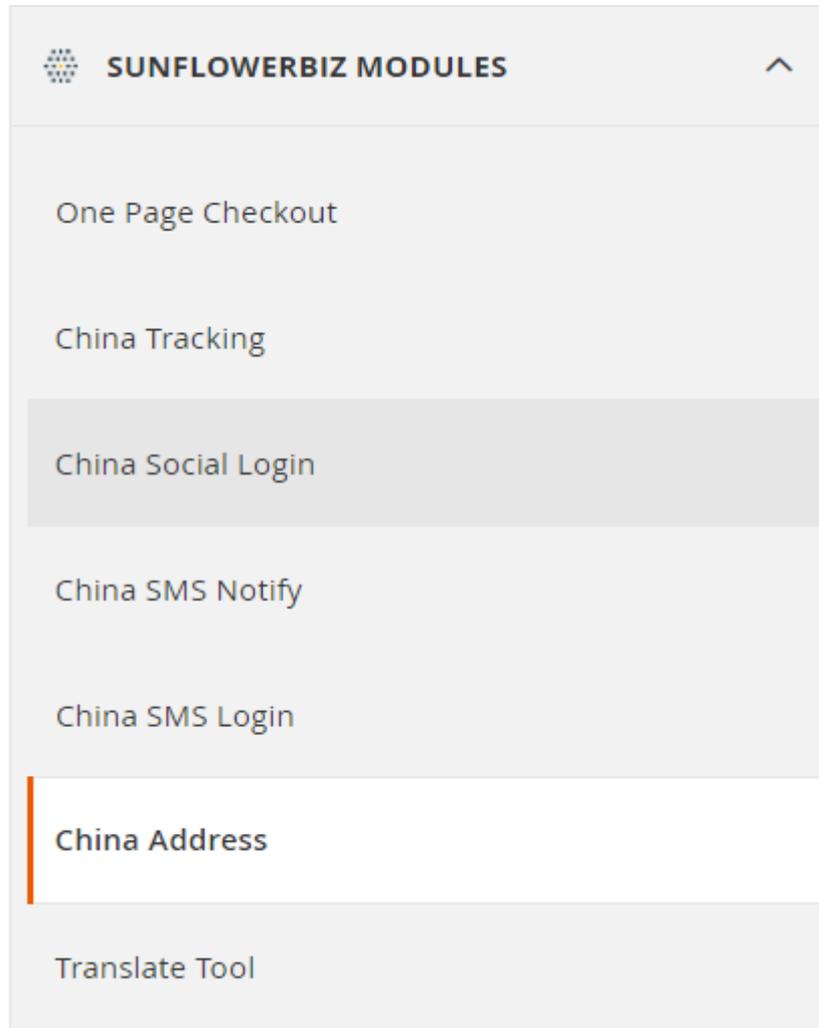

3. Select **Yes** to enable the module.
