SUNFLOWERBIZ

Email: info@sunflowerbiz.com

Web: www.sunflowerbiz.com

Installation:

From your base Magento2 directory -> app -> code (you may have to create this directory), create the Sunflowerbiz directory to your app/code directory.

From the base Magento2 directory:

-Upload the contents of 'WechatCustoms' directory to 'app/code/Sunflowerbiz' directory of your Magento installation

-Enable the module running the following commands on the root of your Magento installation:

```
bin/magento module:enable --clear-static-content Sunflowerbiz_WechatCustoms  
bin/magento setup:upgrade
```

The following commands should work even in windows with the forward slash swapped for back.

```
php bin/magento cache:clean  
php bin/magento setup:upgrade  
php bin/magento setup:di:compile  
php bin/magento setup:static-content:deploy
```

Web: www.sunflowerbiz.com

Module Setting:

1. Go to the Admin Panel, navigate to **STORES** and click on **Configuration**.

2. Expand **SUNFLOWERBIZ MODULES** and choose **WeChat Customs** in the dropdown.

The screenshot shows a configuration form for 'WeChat Customs'. The fields are as follows:

- Enabled** [website]: No
- Merchant Customs Number** [website]: Merchant Customs Number
- Customs** [website]: GUANGZHOU_ZS
List of supported customs: GUANGZHOU_ZS, NINGBO, ZHENGZHOU_BS, CHONGQING, XIAN, SHANGHAI_ZS, SHENZHEN, ZHENGZHOU_ZH_ZS, TIANJIN, BEIJING
- Duty** [website]: (Empty field)
- Auto post** [website]: Yes (highlighted with a yellow box)
- Enable Log** [website]: Yes

When enable log, all post data will be logged in /var/log/WechatCustoms.log

Merchant Customs Number: Required field. Submit your customs info [here](#) to get the Merchant Customs Number.

Customs: Enter the customs in the format as the samples. If your customs is not included in the list, please confirm with WeChat support.

Duty: It is a required field for some customs. Please confirm with your customs or WeChat support.

Auto post: Choose **Yes** to auto-submit the data to the customs after the payment is complete.

Enable log: Choose **Yes** to enable the log under /var/log/WechatCustoms.log

Post to Customs Manually

You can also manually add or modify the data submitted to customs and check the real-time status that your customs returns.

#000000134

Post Customs
