Edit Wechat Pay

* App ID

* App Secret

* Merchant ID

* API Secret

A) Merchant ID

A1) Log into [WeChat Pay Merchant Platform](#)

A2) Enter 微信支付商户号 (WeChat **Merchant ID**) under 账户信息 (Account Info) as **Merchant ID**.

The screenshot displays the WeChat Pay Merchant Platform interface. At the top, there is a header bar with the WeChat Pay logo and '微信支付' on the left, and navigation links for '商户平台', '首页', '交易中心', and '账户中心' on the right. The '账户中心' link is highlighted with a green underline. On the left side, there is a sidebar menu with options: '个人设置', '个人信息', '操作证书', '待审核任务', and '已审核任务'. The main content area is titled '账户信息' (Account Information). Below this title, there is a section labeled '基本账户信息' (Basic Account Information). This section contains a yellow rectangular box with the text '微信支付商户号' (WeChat Pay Merchant ID) and a smaller box below it with the text '号' (Number). To the right of this box, the text '商户类型' (Merchant Type) is followed by '普通商户' (General Merchant).

B) AppKey

BI) Scroll down to **Account Setting (账户设置)** and click **API Security (API 安全)**

BII) Set **API Key**

- Click **Set** to create a 32-digit key by your own and enter it as **AppKey**

API密钥

在API调用时用来按照指定规则对你的请求参数进行签名，服务器收到你的请求时会进行签名验证，既可以界定你的身份也可以防止其他人恶意篡改请求数据。
API密钥的设置与修改不影响APIv3密钥

- 1** 安装操作证书
API密钥属于敏感信息，只有安装了操作证书的用户才能操作
你已安装操作证书
[证书管理](#)
- 2** 设置API密钥
API密钥属于敏感信息，请妥善保管不要泄露，如果怀疑信息泄露，请重置密钥。
